## Death of Dr. Quarles.

Died at his home in Lexington, Virginia, Saturday, April 13, Rev. James Addison Quarles, D. D., LL. D., aged 70 years. Dr. Quarles had not been in very robust health for several years but his serious illness lasted only a few days.

Dr. Quarles, who was well known and greatly beloved here, where for about ten years he was pastor of the Presbyterian church and president of the Elizabeth Aull Seminary, was born at Dunbar, near Knoxville, Missouri. He received his preparatory training in Keoper Academy and his collegiate training in Westminster College and the University of Virginia. His theological education was received in Princeton Theological Seminary. For the past twenty-one years Dr. Quarles has been Professor of Moral Philosophy in Washington and Lee University at Lexington, Virginia.

In 1859 Dr. Quarles was married to Miss Carolina Wallace Field, of Pettis county, a sister of Judge Richard Field of this city. To this union were born: William K. Quarles, of Butte, Montana; James Quarles, Louisville, Kentucky; Mrs. Charles Edmonds, Anchorage, Kentucky; Augustus Quarles, Louisville, Ky.; and Mrs. Bees Turpin, Kansas City, Mo. Mrs. Quarles died about five years ago. Three years ago Dr. Quarles married Mrs. Eleanor Moorehouse of Washington City, who survives him.

The remains were brought here Tuesday morning. The funeral services were held at the Presbyterian church Tuesday afternoon. Dr. E. C. Gordon read the principal address, giving in brief the story of the subject's useful life. The speaker's discriminating character appreciation of Dr. Quarles obtained the happy phrase "entirely a friendship," a quality, by which this noble man will be remembered more widely and affectionately than by the sterner virtues which marked him to such eminent degree.

Dr. Cheney spoke of the deceased from a knowledge formed in intimate association in the conduct of Elizabeth Aull Seminary. He mentioned his religious faith redined by every test; his painstaking preparation for every public task of his ministry and teaching; and his supreme devotion to duty, which made him know no such thing as preference in the tasks of the day.

Dr. Hyde read the scripture lesson and offered prayer.

The body was attended to the grave by friends of all ages—many who knew him during his ministry here, and many who had come to know him since.

## Philomathean Hop.

The annual hop given by the Philomathean Literary Society of Wentworth Academy at the Elks' Home Tuesday evening was a complete success. The hall was decorated with bunting and bunting in pink and white, the colors of the society. A large design in the shape of the Philomathean emblem was prominently displayed, elicited much favorable comment, and splendid orchestra from Kansas City, Kansas, added to the pleasure of the evening. Its excellent playing and willing response to encores. After twenty minutes the dancers went to Hines, where an elegant two course dinner was served.

## Lexington College Defeated.

In the first local game of intercollegiate women's basket ball the young ladies representing Missouri Valley College defeated the Lexington College five Monday afternoon by the score of 10 to 5. At 2:15 the soprano voiced rooters began to fill the gallery and by 2:30 there was a concourse of 75, all wondering what was going to happen. For a while the center of attraction was the canine mascot of the Lexington girls. There was a warm discussion as to whether his name was Job or Jim Jeffries, but before this question was decided the game began.

For a while things looked propitious for the Lexington girls. They made the first basket amid thunderous applause. Then the Marshallites tied the score. For a while the battle raged fiercely and then the local ladies took the lead by another goal. But soon the visitor caught up again and by the end of the half had scored once more. This made it 6 to 4 in favor of Missouri Valley.

In the second half the long training of the War-hall girls began to tell. The wind of the locals was short while the visitors showed no signs of exhaustion. The visitors' lead was increased until at the wind up the score was 10 to 5.

The features of the Marshall girls play was the swift team work of the center and two forwards. Miss Dwyer was probably the best one in the game and Miss Hunter attracted a great deal of attention by her clever passing and Janice Meredith curl of the Lexington team. Miss Griffith was the star with second honors divided between the guards, Misses Lloyd and Ruth Baird. Miss Baird was injured and several minutes before close of play retired in favor of Miss Patty Baird.

The local enthusiasts were not at all downcast at their defeat. "Our girls deserve a great deal of credit," said the coach Miss Frazier. "For putting up such a game under the circumstances. Those other girls have played several years while we are entirely new at the game."

## Dramatic Recital.

A pleasing dramatic recital was given Saturday evening by the department of expression of Lexington College at the College Chapel. A large audience was present. The programme consisted of three readings by members of the department, a one act farce, a two act play, and two solos by Mr. M. G. Boyle of Kansas City, a guest of the college.

Both in the monologue numbers and in the plays the young ladies showed the results of the careful training, of which the credit is largely due to the efficient head of this department of the college work, and of a spirited interest in the presentation of the programme, and of an intelligent appreciation of its dramatic contents, the credit of which is properly due to the young ladies themselves.

## Stricken With Paralysis.

According to a dispatch printed in the Kansas City dailies of Thursday, Rev. J. C. Given, formerly of this place, now of Springfield, Mo., was stricken with paralysis Wednesday in the pulpit of the Southern Methodist church of Springfield, while preaching a sermon before a district convention of the Epworth League. He was carried to the nearby home of one of his parishioners where he lies in a very precarious condition.

Rev. Given has suffered two similar attacks before, the last a very serious one. His friends here are very apprehensive of the outcome.

## County Court Proceedings.

County Court met in adjourned session April 16, all the judges and officers present.

Court ordered that Homer Phillips be appointed a member of the County Board of Education for a term of two years.

S. J. Huston and Chauncey Cole offered objections in the matter of the Broken drainage ditch. By changing the course of the proposed ditch most of these objections were satisfied. The court granted the change of the route of the ditch as requested by S. J. Huston, assessed the damages of Chauncey Cole at \$100 and struck out the assessment of benefits against the land of Mrs. Evan Young.

Road Commissioner was ordered to examine condition of road and bridge in 49-28-18 between the farms of T. M. Campbell and J. W. Osborn.

The Circuit Clerk was authorized to receive bids from banks for deposit of county money and reports to the May term.

The greater part of the time of the court was given to equalization work.

## Fruit Prospects.

Friday's examinations at my place of residence gave following results: apples 60 per cent alive; peaches 15 per cent; cherries 10 per cent; plums, wild goose, 50-60 per cent; other varieties dead; pears, some varieties 35 per cent, others very few alive; strawberries about 75 per cent; raspberries 75-80 per cent; blackberries 80-90 per cent; grapes unhurt. In low places, on south hill sides and one or more miles further away from the river the damage is no doubt greater.

The News says that (last Sunday) I claimed an average fruit yield. I said that was my belief for apples; that peaches, pears and cherries apparently were only partly damaged, but that so early after the nights freeze (9 a. m.) the full extent of injury could not be fixed.

## Wentworth Draws Blank.

The Wentworth baseball team received its first defeat of the season at the hands of the Westminster aggregation yesterday by the score of 5 to 0. What lost the game for the cadets was inability to hit at critical times

coupled with stupid base running and two costly errors by Gordon and Canady, which let in four of the Fultonians' runs.

The playing was fast considering the soggy condition of the field, but there was nothing in the game of special interest.

Both pitchers traveled the entire distance and showed no let down. Davis was a little the better, having ten strikeouts to his credit against six of his opponent. Each team had five hits.

The cadets showed the effects of their recent lay off from practice on account of the weather, and they hope to do better when they meet the Presbyterians in a return game.

The score:

R H E  
Westminster 0 0 2 3 0 0 0 0 0—5 5 2  
Wentworth 0 0 0 0 0 0 0 0 0—0 5 4

## Sanford Dodge in Romeo and Juliet.

Sanford Dodge has made phenomenal advances in his art during the past two years and he is rated with the very best Shakespearean and classic actors. As a manager he is conceded to have no equal among the younger men in the business, and he now has three companies under his control and all of them are doing excellent business. The name of Mr. Sanford Dodge has become a synonym for dramatic worth and a guarantee of the excellence of the attraction. He has often been urged to take up the lighter forms of drama in order to reap greater financial reward, but he has refrained from doing so, steadily continuing to present classic and legitimate plays, in order to do his part toward educating the public to a better appreciation of the higher forms of the drama, and in this manner he is doing a noble work toward uplifting and elevating the stage. Mr. Dodge will be seen and heard here Monday April 22 in Romeo and Juliet, one the most famous of Shakespeare's plays.

## The Peak-Bank Case

The case of Lawrence Peak against the Commercial Bank for accounting has occupied the Circuit court all of this week. This is the first of two cases filed some time ago, one against Godfrey Shull for slander and the other against the bank for a balance on deposit, payment having been refused by the bank. The two cases are connected in this, that one of the defenses set up by the bank is that the plaintiff when bookkeeper of the bank forged two checks against the account of Shull, and in the Shull case the plaintiff sues the defendant for having charged him with forgery in certain conversations with his friends. The real issues in both cases are thus contained in the first case. For this reason the progress has been slow and hard fought among the lawyers from the start.

The witnesses examined up to this time are:—Geo. M. Vaughn, former cashier of the bank, E. M. Taubman, president of the bank, W. J. Bandon, Cashier; John K. Taubman, bookkeeper, George Taylor, Claude Marquis, a Mr. Sherman, of Topeka, Kansas, a handwriting expert; Chas. Hofer, cashier of the Bank of Higginsville.

This case is being followed with more interest than any other civil suit tried here in many years. It is being followed with this interest because of the seriousness of the charges set up in the defence and because of the reputation of the parties immediately concerned.

It is expected that the evidence for the defendant will be concluded this week and the indications now are that it will be near the end of next week before the case will be given to the jury.

## County Depository.

The County Clerk has been authorized to receive bids from the banks of the county for the account of Lafayette county for the ensuing year. Bids should be handed to the County Clerk, O. L. Glasscock, before the May term of the county court. The court reserves the right to reject any and all bids.
